

THE EVENING MISSOURIAN

TWELFTH YEAR

COLUMBIA, MISSOURI, MONDAY EVENING, AUGUST 2, 1920.

NUMBER 285

PREDICTS CLEAR SKY FOR ELECTION DAY

Polls Will Open at 7 a. m. Tomorrow and Close at Sundown, 7:19 p. m.

MAY VOTE BY MAIL

Returns Will Be Given Out at Night—Expected to Be Complete by 11.

With the weather man predicting a clear, cloudless sky, the primary election tomorrow bids fair to be hot—both as regards the climatic conditions and the heat with which the many different offices will be contested. The work of the press agents and campaign managers is finished. The last barrage of propaganda has been fired. The speechmaking is over and all that remains to be done is the personal button-holing of the voters as they file to the polls.

All voting at Courthouse. All voting in Columbia will be done on the first floor of the courthouse. The polls open at 7 a. m. and close at sundown. The sun will set tomorrow at 7:19 p. m.

The election will be in charge of 16 judges and 8 election clerks, 4 judges and 2 clerks from each precinct in Columbia. One-half will be Democrats and the other half Republicans.

The list of judges and clerks is: First Ward: J. J. Phillips, Wilson Hall, A. J. Bates, A. H. Shepard, C. B. Rollins, Jr., J. C. Schwabe. Second Ward: J. E. Higgins, F. S. Lonsdale, Virgil Potts, Loyd Yeast, O. W. Boutwell, Walter H. Branstetter. Third Ward: J. M. Taylor, L. B. Stale, J. F. Whitesides, H. C. Male, J. M. Pennington, W. S. Palmer. Fourth Ward: J. R. Sommerville, J. M. Batterson, R. C. Hunt, J. H. Phillips, R. K. Alexander. Mailing of votes is permissible under certain conditions. If the voter is anywhere within the state and outside of Boone County he has the right to send in his vote by mail, the vote is mailed on the day of the election and reaches the election authorities not later than noon Friday.

Returns Will Be Outdoors. The election returns will be given out at the courthouse tomorrow night, Searcy Pollard, Circuit Court clerk, will have entire charge of handling the returns. He will be assisted by nine helpers who will receive and total all votes.

According to Mr. Pollard, no one outside of his own force will be allowed in the room. Persons who wish to hear the returns must stay in the yard of the courthouse. From time to time as votes are secured over the phone the crowd will be notified by megaphone.

Practically all returns are expected to be in by 11 o'clock.

ELOPERS WED IN BOONVILLE

Boone County Couple Return to Face Bride's Father.

Oria Kite, a young farmer living near Woodlandville and Wilma White, daughter of J. E. White, a Boone County farmer, eloped to Booneville last Saturday where they were married.

The young couple returned to Columbia Sunday, staying at the home of John Burks.

Mr. White, who says that his daughter is only 15 years old, requested J. L. Whitesides, chief of police, to hold his daughter in custody until he could talk to her. At this time he made the request he did not know of her marriage.

Chief Whitesides has charge of the girl and her husband. It is not known what the father intends to do about the marriage.

STUDENTS COMING FROM EGYPT

University Recommended By Former Graduate, Now of Cairo.

The University will have at least two students this fall from Egypt, the faraway land of the Sphinx. Raymond Hamel El-Din, who was a student in the School of Medicine last year and who has been working in the General Hospital in Kansas City during the summer, will return to the University this fall.

Mohamed Ahmed Ali, who came here several weeks ago, will enter the College of Agriculture this fall. Both of these men are from Cairo and came to the University of Missouri because of the recommendation given them by George J. Salem, B. S. in Ag. '15, whose home is in Cairo.

Couple Married at Courthouse

Raymond Coleman of Hantdale and Miss Virginia Morgan of McBaine were married Saturday afternoon in the Probate Court room of the courthouse by Judge H. A. Collier. J. T. Morgan, the bride's father, gave his consent to the marriage.

Mrs. Harabe Returns From Campaign. Mrs. E. Harabe has returned from a trip through Shelby, Mason, Kirksville and Lancaster. She talked at each of these towns in the interest of Breckenridge Long, candidate for United States senator.

THE WEATHER—Fair

For Columbia and vicinity: Fair and continued cool tonight. Tuesday fair and cooler.

For Missouri: Fair and continued cool tonight. Tuesday fair and warmer.

Weather Conditions. The weather was generally clear this morning in the Missouri and Ohio valleys, and in the upper half of the Mississippi Valley. It was mostly cloudy in the southern states, and in the lower Plains, but except a shower at Amarillo, Texas, and a few other widely separated points there has been no rain of consequence.

Temperatures again are below the seasonal averages in nearly all central-interior states. Saturday's rain put the roads in the central part of Missouri in a temporary muddy condition, but save a few small mud holes they are again in fair condition. Fair moderate weather will prevail over Tuesday.

Local Data. The highest temperature in Columbia yesterday was 81; and the lowest last night was 52. Precipitation 0.00. A year ago yesterday the highest temperature was 78 and the lowest was 52. Precipitation 0.14. Sun rose today 5:10 a. m. Sun sets 7:20 p. m. Moon rises 5:23 p. m.

The Temperatures Today.

NEW CONTRACT LET

Simon Construction Co. to Build M. U. Observatory Building.

The contract for the new University Observatory Building has been awarded to the D. B. Simon Construction Company of Columbia for \$15,000. It will be a one-story structure with a basement. The foundation will be of stone and the building will be of wood. It will have a shingle roof. The basement will contain the boiler rooms and the laboratories. The main floor will have the office instrument room and the class room while the dome will be the transit or observatory room.

The work will start immediately and will be completed about December 15.

The contract for the New Home Economics Building has also been awarded. It is to cost \$75,000 and all bids received were above this figure. However, the bids have not been rejected but will be held until the architect can go over the plans and make minor changes. Then the contractors will be asked to deduct for these changes.

TO STUDY NURSES' PROBLEMS

Too Early to Make Statement on Red Cross Work Here.

Miss Mary A. Coleman, district supervisor of the Southwestern Division of the Red Cross, arrived in Columbia today to study the local public health nurse's problems. She will confer with Miss Dorothy Broeffle of Columbia on the work being done here in connection with the Red Cross state program.

The work is financed by the local chapters of the Red Cross who make application to the national organization, which undertakes to furnish them with nurses who meet the standard requirements of the American Red Cross.

Miss Coleman says that it is as yet too early to make any definite statement of the work done here. The nurses have been on the ground since the first of June and have had time only to get started.

"Our health laws," says Miss Coleman, "are inferior to those of the leading European countries before the war. Before 1914 the percentage of infant mortality was lower in England, Germany, Denmark and Sweden than it was in the United States."

The trouble with the present health service, according to Miss Coleman, is that we do not pay our health officers enough to devote their time to public health work. Their remuneration is not anything like sufficient to support them apart from private practice.

MORE FAIR ENTRIES MADE

L. L. (Bob) Hill Entered Two Durrocs for Jersey Fair.

Twelve head of registered beef cattle, three groups of beef cattle, nine head, and two groups of Shropshire sheep, eight head and two groups of Southdown sheep, ten head and two groups of Hampshire sheep, and eight head and two groups of Dorset sheep compose the beef cattle and sheep entries made for the twentieth annual Missouri State Fair, at Sedalia, August 14-21, by the animal husbandry department of the College of Agriculture.

R. L. (Bob) Hill of Columbia and the famous Adairville Farms of Boone County has entered two of his premium Durrocs-Jersey Sows in the Swine Show of the Missouri State Fair at Sedalia, August 14-21.

All live stock will be shipped to the fair in plenty of time to be in place for the exposition on August 13, the day before the opening.

Speeders Fined in Moberly

A drive against auto maniacs who exceed the speed limits has been launched in Moberly. Twenty-four were arrested in one day recently.

"PERFECT ACCORD" IS UNDER SEARCHLIGHT

The Fact That Cox Did Not Submit Speech to Wilson Raises Doubt.

SPECULATION IS ON

Governor Is Explicit As To Actual Leadership In Coming Campaign.

By United Press.

COLUMBIA, Aug. 2.—The future relations between the Democratic nominee and the White House have been the subject of much speculation in the former's home state. The fact that the nominee's communication with the White House has been limited to one brief conference held with the President shortly after the San Francisco convention, as well as the fact that he has not submitted his acceptance speech for the presidential O. K., political observers in Ohio generally believe, has deep significance and probable far-reaching consequences.

Various motives have been suggested but they believe that Cox is determined that there shall be no misunderstanding as to the actual leadership of the party in the forthcoming campaign. They believe it means practically the shelving of "Wilsonism."

The text of the acceptance speech will probably settle Cox's attitude towards the President and the latter's policy. Judging from recent developments, especially the statement made in Washington by Chairman George White of the Democratic national committee and the rather obvious avoidance of the White House indicates that the Wilson-Cox conference was not entirely satisfactory.

Doubtless the number of points of difference which developed indicates that the conference was of the most general character. Details were not gone into of the paramount issues. There is no significant sign of the candidate's and the President's views as to reorganization.

Both are in accord with the platform. The President's approval of it at the time and Cox today would not be the candidate could be not stand on the platform.

HARDING IS FOR IRISH CAUSE

Irish Sympathizers May Oppose Cox Says Congressman Mason.

By United Press.

MARION, Aug. 2.—Warren G. Harding was described today as a friend of Ireland by Congressman W. G. Mason of Illinois, who has been active in the Irish cause, following a conference with the Republican candidate Sunday. The friends of Ireland will oppose Governor Cox because of his pledge to support a wider foreign policy and Article Ten of the League of Nations, which would bind Ireland to England permanently, Mason said.

Mason has a resolution declaring for Irish freedom pending in Congress.

STRIKERS WORK AGAIN

Coal Miners Are Returning to Fields According to Lewis' Order.

By United Press.

INDIANAPOLIS, Aug. 2.—Coal miners who have been tying up the Illinois and Indiana fields by unauthorized strikes are returning to work in accordance with the order issued by John L. Lewis, international president of the miners.

If coal is not produced, it will not be the fault of the miners, an announcement at union headquarters here today said. The statement also said that most of the miners were now at work.

75 Per Cent of Illinois Miners Work

By United Press.

SPRINGFIELD, Ill., Aug. 2.—Coal is being hoisted in Illinois today. Many of the miners' locals held meetings yesterday and decided to return to work, according to President Frank Farrington of the Illinois Miners' Union. He said that 75 per cent of the miners would return to work.

RATE INCREASE WILL GO INTO EFFECT SOON

Railway Companies Preparing New Schedule for September 1.

TO BETTER SERVICE

Hale Holden Says the Raise Will Ultimately Reduce H. C. of L.

By United Press.

WASHINGTON, Aug. 2.—The big increase granted to the railways by the Interstate Commerce Commission is expected to become effective about September 1. The railway companies today were preparing their new schedule. This must be approved by the commission and five days later the new rates will go into effect.

The railway companies are preparing to ask the state railway commissions to approve of the decision of the Interstate Commerce Commission so there will be no technical holdups by the authorities.

The Department of Justice will watch closely any attempts of profiteers to skyrocket prices on the strength of the freight increases. Although the new rates will tend to increase prices, the difference should be slight, the authorities said.

Freight Transportation Improvement

CHICAGO, Aug. 2.—The increase in railway freight rates will eventually bring about a reduction in the cost of living in the opinion of Hale Holden, president of the C. B. & Q. railroad. "There will be a slight temporary increase in prices based on the increase in freight rates," Holden said today, "but the increase in freight rates will restore efficiency in transportation and enable a faster and wider distribution of foodstuffs, fuel and other necessities."

The rolling stock will be improved, new cars and locomotives built, and the terminal facilities bettered. The public can look at the increase optimistically, Holden said.

MAY VACATE TRIP

Overseas Journey to Return to Kansas City and St. Louis.

Columbia station agents are awaiting official notification authorizing increases in freight, passenger and Pullman rates. It is believed that such an announcement will arrive within the next few days.

There is a general opinion that the increase will cause a serious decrease in the amount of passenger traffic. The increase of 30 per cent on all passenger rates will force many persons who were planning vacation trips, to stay at home. The present high rates have already caused many people to abandon trips.

Pullman rates have been increased 50 per cent. Sleeping car space at present between Columbia and St. Louis costs \$2.40 plus an 8 per cent war tax. A passenger ticket from Columbia to St. Louis under the new rate, it is estimated, will be \$5.65 instead of \$4.75 as it is now. To Kansas City the ticket which now costs \$5.25 will probably cost \$6.57.

DEMONSTRATION AT HALLS

Wells and Tins Tractors Will Be Driven Tomorrow.

A tractor demonstration will be made tomorrow at Shilleville on the W. B. Berry's farm. The Titan and the Tins tractors will be demonstrated. Later this week a demonstration will be made near Columbia.

TOURISTS COMING SEPTEMBER 27

Party to Come From Kansas City on Tour of Good Fellowship.

Arrangements for good fellowship tour to arrive in Columbia September 2, were made by a delegation of the Young Men's Division of the Chamber of Commerce of Kansas City Saturday evening.

The party arrived at 8 o'clock Saturday evening and left at 6:30 Sunday morning. The members of the party were: A. J. Brechtel, B. L. Shaggs, Harry S. Fraser and Fred Katzmaier.

The party will consist of 150 men and women. From Columbia the party will go to Fulton and from there to the Duff farm, fourteen miles east of Fulton, a 4,000 acre farm owned by a Kansas City syndicate. From there the party will follow the Missouri Pacific Railroad tracks back to Kansas City.

MEANWELL RESIGNS

Athletic Director Will Work Along Medical Lines at Wisconsin.

The resignation of Dr. W. E. Meanwell, director of athletics of the University, has been officially accepted by the Executive Board of the University. The resignation will take effect September 1. Rumors of Doctor Meanwell's resignation have been current for some time. The definite statement was given out this afternoon by Leslie Cowan, secretary of the University.

Doctor Meanwell will return to Wisconsin, where he was basketball coach before coming to Missouri. It is understood that Wisconsin offered a much larger salary than could be met by the University here. A new post at Wisconsin has been created especially for Doctor Meanwell and he will have the title of supervisor of health and physical condition of men in competitive athletics.

Doctor Meanwell said in his resignation that he has long desired to devote himself more to the medical aspects of physical education than to administration or coaching. His new position will make this possible.

Doctor Meanwell started this work at Wisconsin along with his coaching duties. From a small beginning he grew until at the time he resigned to become a director of athletics here, large numbers of students both men and women, were coming to him for personal interviews.

The Executive Board has appointed Frank R. Chambers as acting registrar of the University to succeed Dr. L. D. Ames, whose resignation will take effect August 15. Mr. Chambers, who was formerly registrar, will have charge of the registrar's office for the next month. Doctor Ames, because of the health of his wife, will move to California.

The Executive Board has also made the following appointments for the coming term:

Miner Wood, assistant professor of economics, effective September 1, in place of Dr. J. H. Rogers, who resigned; Miss Mary C. Hilgar, and Miss Mabel M. Brown, instructors in botany; Miss Estelle Griffith, assistant in chemistry; Corwin D. Edwards, Miss Helen L. Morgan and Miss Mary Sidney Roy, assistants in English; a Miss Jessie G. Quigley, instructor in mathematics. Miss Marguerite Dore and Paul Huser, instructors in romance languages, and Miss M. Telle Tandy as clerk in the registrar's office in place of Mrs. G. H. Barnett, who resigned.

Other appointments made are: J. M. Houston, county agent, for Dr. Kalb County; George B. Sheets for Ripley County; W. W. Merritt for Ralls County; and Walter W. Baker and J. S. Dolan, unassigned; A. C. Burrill, extension assistant professor in entomology; Robert L. Howard, instructor in political science and public law; Harry H. Chariton, assistant professor of anatomy; and W. C. L. Hines, supervisor of practice teaching in vocational agriculture in the University High School.

The following resignations were accepted: Dr. J. H. Rogers, assistant professor of economics; Dr. L. J. Strahan, instructor in physics; and A. E. Hughes, assistant to the dean and director of the Short Course in Agriculture.

WOOD RIVER INCREASES 100%

Illinois City Has 4,000 Per Cent Growth in 70 Years.

WASHINGTON, Aug. 2.—Wood River, Ill., has the distinction of containing the largest percentage of increase of population in the period from 1910 to 1920, members of the Census Bureau announced today.

In 1910 Wood River had a population of 94 people. In ten years it increased 3,906, making a total population of 3,970, or an increase of 4,000 per cent.

Camden County, Missouri, has a population of 10,674, a decrease of 1,105, or 9.5 per cent.

Macou County has 27,517, a decrease of 3,259, or 10.9 per cent.

Wayne County has 12,912, showing a decrease of 2,169.

BOLSHEVIKI DEMAND POLAND'S SURRENDER

Soviet Delegates Say Fighting Will Continue Until Armistice Is Signed.

POLES ARE NOTIFIED

Terms Include Five Years' Occupation and Giving Up of Cities.

By United Press.

LONDON, Aug. 2.—With the Bolsheviks demanding virtually the surrender of Poland as a condition of the peace treaty, fighting is continuing near Warsaw and Limburg, according to the official communication of both sides.

A Basel dispatch from Bolshevik sources today said that the soviet armistice delegates have informed the Polish delegates officially that the fighting would not stop until the armistice was signed.

The terms include military occupation of Poland for five years, surrender of all war material, the giving up of several big cities and the surrender of some railway equipment.

BREATHLESS 22 HOURS

Boy's Heart Kept Beating By Pulmotor—The Only Known Instance.

ST. LOUIS, Aug. 2.—At 2 o'clock this afternoon Robert Stanbury, 16, had been alive almost 22 hours after he had stopped breathing. Stanbury was operated on yesterday. Internes at the City Hospital have been using the pulmotor continuously to keep the boy alive. Physicians stated today that they did not know of a parallel case and are unable to say whether or not he will recover.

Stanbury was operated on for mastoiditis—removal of pus from behind the ear. The operation began at 3:30 o'clock yesterday afternoon. At 4 o'clock attending physicians noted a change in the color of his face. He stopped breathing suddenly. His heart was beating. His pulse was good. The pulmotor was used to keep him alive.

WILL NOT RAISE GAS RATES

W. H. Watts Says Present Rate Will Stand.

According to W. H. Watts of the Columbia Gas Works, the present gas rates of \$1.50 per thousand cubic feet will not be changed. About six weeks ago it was reported that the company might ask the Public Service Commission for permission to increase the rates August 1 to meet the increased costs of operation.

Mr. Watts said that the company had simply taken no action in regard to the matter as yet.

VILLA STILL FIGHTING

Report Is That Bandit Has Not Surrendered But Is Planning An Attack.

By United Press.

MEXICO CITY, August 2.—Information in official circles was being circulated here today that Pancho Villa, bandit leader who was supposed to have surrendered himself, was not going to give himself up, but "had some thing up his sleeve" and was preparing another attack.

Villa is due to arrive here in several days. He is reported to be now traveling west, the place where most of his bandit activities took place.
